

Allegheny Trail models ready for new owners

Residential Homes of America announces the availability of four decorated townhouse models at its Allegheny Trail at Village Station community located in Grayslake. The models represent a chance for buyers to purchase a decorated home at a cost below current reproduction prices. Buyers also have the choice of purchasing the furnishings that are shown with each model.

Allegheny Trail at Village Station is nearing close-out, as this luxury townhouse community has only a limited number of homes remaining for sale. These courtyard style townhouses are base priced from the low \$200s. Prices for the decorated models begin at \$249,000 unfurnished. The furnishings are available in each model for \$5,000 more.

The four models at Allegheny Trail at Village Station are each a courtyard style townhouse ranging from 1,471 to 1,944 square feet in size. The homes feature brick fronts and have two or three bedrooms, 2½ baths, lofts, finished lower levels with bonus rooms, private balconies or decks and attached rear-load two-car garages.

To visit Allegheny Trail, take I-94 to Route 120, west to Allegheny Road, then one-half mile south to Station Park Drive. Follow the signs to the sales center on the east side. The sales center and models, located at 6 Thomas Court, are open from 11 a.m. to 6 p.m. Monday through Saturday and from noon to 5 p.m. on Sunday.
